Portimão is the largest city in the Western Algarve. It was traditionally a centre for sardine fishing and processing. However, tourism, leisure, and retail have replaced most of that industry now making Portimão a largely residential city.

There is a surprising amount to see within the city. For instance, the city's old and once-busy fishing docks have transformed into a scenic promenade leading to charming tree-lined plazas. In addition, further inland is pleasant pedestrian shopping streets, historic buildings, and an enticing selection of cafés, bars, and restaurants.

Therefore, this T4 Penthouse Apartment For Sale In Portimão is an excellent choice for anyone looking to invest in the beautiful Algarve. Similarly, being so close to everything in Portimão, this apartment's location is extremely convenient. Contact Us to discover this penthouse.
